EVO8® HIGH IMPACT HELMET

- High density liner and a comfortable new harness system which create unparalleled wearer comfort and acceptability.
- Side, front and rear impact protection from the shock absorbing EPS liner.
- Vented liner to increase comfort whilst maintaining high protection factor. Liner optimises low angle impact performance.
- Extremely comfortable terylene webbing moulds to the individual wearer's head.
- Lightweight EPS liner reduces weight while still offering maximum protection.
- International slot enables firm fitting of a range of Surefit attachments, including visors and ear defenders.
- Intuitive thumb and forefinger press points for easy adjustment of the wheel ratchet, offers diverse size ranges for true 'one size fits all'.
- Ultra high strength outer shell. Ribbed upper section dissipates impact energy.
- All round protection, down to 60° from vertical.
- Large print area on front and sides for logo printing.
- Ventilation convects hot air out and draws in cool air, reducing helmet temperatures by an average 2-3 degrees.
- Minimum order quantity required.
