

## Office, Property & Site Cleaning

AVS (NE) offers a full range of professional cleaning services for office and retail premises, builders and industrial sites throughout the north east.

Our cleaning teams are fully insured, highly trained, reliable and discreet, and well versed in health and safety.

Office cleaning is delivered by our friendly and reliable staff. We aim to provide a first class service for your commercial operation, helping you to outshine your competition. We can provide a flexible cleaning service tailored to your unique requirements, and offer daily general cleaning including dusting, carpet vacuuming and washroom cleaning, and enhanced deep clean services including carpet cleaning.

Industrial cleaning is undertaken by highly trained, health and safety conscious teams. We also provide comprehensive new house build cleans to both commercial and private developers.

Call or Email us today to discuss your requirements.

## Vehicle Valeting

AVS (NE) provide a mobile valet service across the north east. We can provide a professional car valet service for both private owners and commercial fleets and a commercial vehicle valeting service for north east businesses.

AVS aims to deliver an exceptional car valet service with attention to detail, using state of the art materials and equipment. We offer both interior and/or exterior car valets. Mini car valets are also available.

Here at AVS we understand both the difficulty and the importance of sparkling business vehicles. We too are busy and have a fleet of vehicles to keep in tip top condition, always on show to customers as we travel around the north east region. Let us help your business vehicles sparkle too with regular vehicle valets or one off vehicle deep cleans.

Call or Email us today to discuss your requirements.

## Drainage & Plumbing Specialists

Do you have a blocked drain? Do you need a drain clearing? Call AVS (NE) on 0191 413 1327

AVS provide a fast response drain clearing service across the north east region. Our drain cleaning operatives are trained to diagnose the cause of your blocked drains and using state of the art equipment, clear your drains and quickly return your premises to a hygienic state.

Blocked drains aren't just inconvenient, they are a hazard to your health. Our professional operatives are trained to conduct risk assessments and work safely. They can disinfect contaminated areas and if necessary dispose of contaminated material safely and legally (We are licenced waste carriers). They can also advise on and offer preventative drain care and drain maintenance schedules to make sure the problem does not reoccur.

AVS provide drain clearing services, drain maintenance services, unblock sinks and baths, and spot plumbing repairs for householders, industry and commerce across the North East.
